

PROFESSIONAL EXPERIENCE

Allen Carter, CEO

“I guide team decisions making with an eye to strengthen our customer’s confidence in the building process and final results.”

Combining a passion for building, real estate development and engineering with his substantial experience in the construction management industry. Allen brings drive, discipline and care to the leadership of Chief Executive Officer. He cultivates excellent team work, while managing responsibilities related to communicating, planning, procurement, scheduling, execution and profitability. Deeply appreciative of the abundant expertise represented across construction divisions, building processes and product finishing. He utilizes his own skillfulness with communication, budget management, conflict resolution to build and strengthen internal and external relationships and unify everyone’s efforts. His own background includes specialized expertise in cold storage, automated retrieval systems and dry storage in commercial/industrial as well as commercial retail and office spaces. Allen continually looks for opportunities to capitalize on building efficiencies, and he is motivated by completing goals that have measurable outcomes.
